A Beauty Specialist Gives Simple Home Made Recipe to Darker Gray Hair.

Mrs. M. D. Gillespie, a well known beauty specialist of Kansas City, rement regarding gray hair:

"Any one can prepare a simple mix-ture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add I ounce of bay rum, a small box of Barbo Compound and 1/4 ounce glycerine. These ingredients can bought at any drug store at very little cost, or the druggist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off."— Advt.

Philadelphia, Pa.—"I was very weak, al-ways tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which, added to my weak condition, kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Com-pound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness. Health and happiness? Yes, I have both now."—Mrs. J.
